

# Getting Started With Keynote for iPad

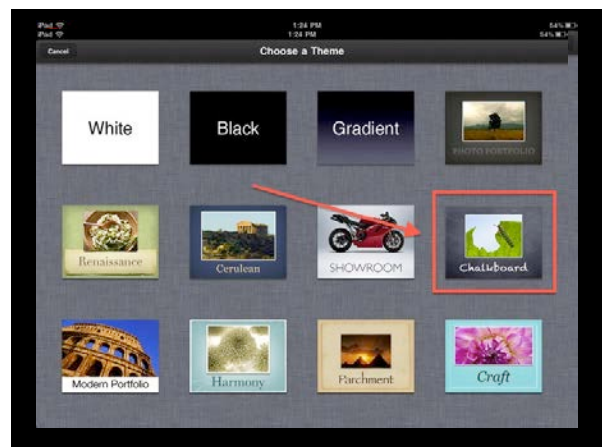

## Creating a Sequence Chain

To start with click on the + at the top left

Click on Create Presentation

Select the Theme you want to use. I am going to choose Chalkboard

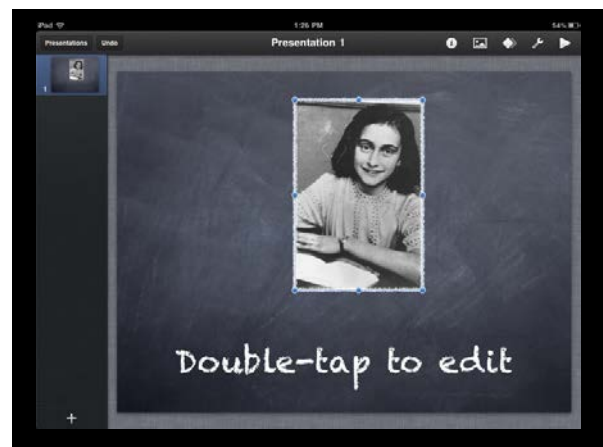

The first slide has two elements, a graphic holder and a text holder

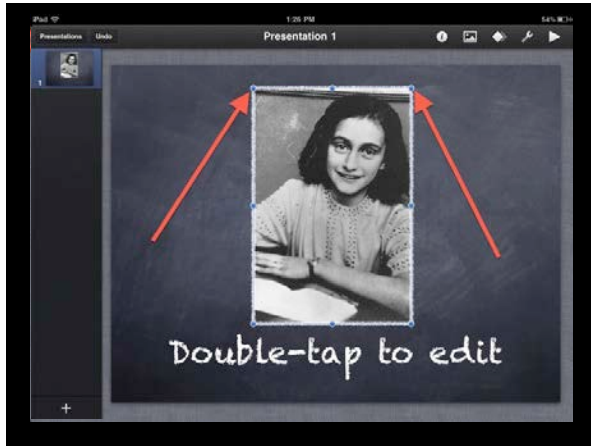

To add the graphic click on the small circle on the bottom right of the graphic

A box will pop up that will allow me to choose a photo from iPhoto

The photo comes in but it needs to be resized

Tap on the photo and you can resized it using the little blue dots

Next I want to change the text. Tap on the text box

The keyboard will pop up.

I can put in my title

If I want to work with the text I tap on it and you can see the blue dots which will permit me to edit the text

The final title card

I want to add the second card and I will touch the + on the bottom left

As you can see there are a lot of options for the card design

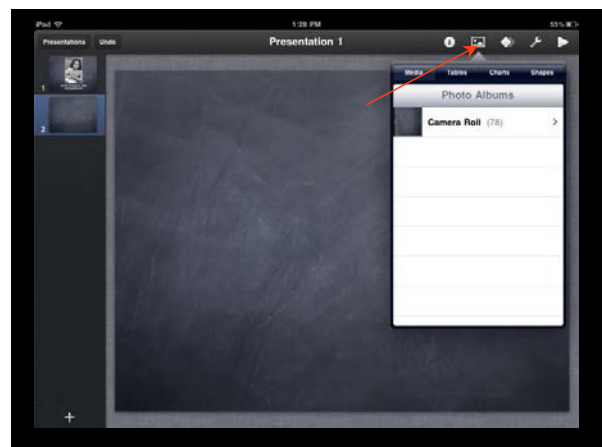

I am going to use the blank card

As you can see it shows up in my stack

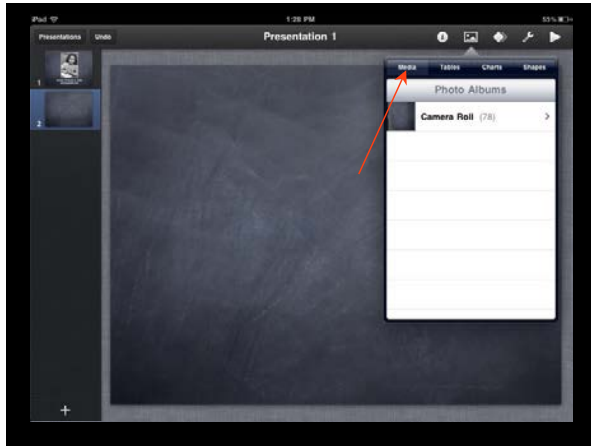

Notice there are now two card in the left hand column

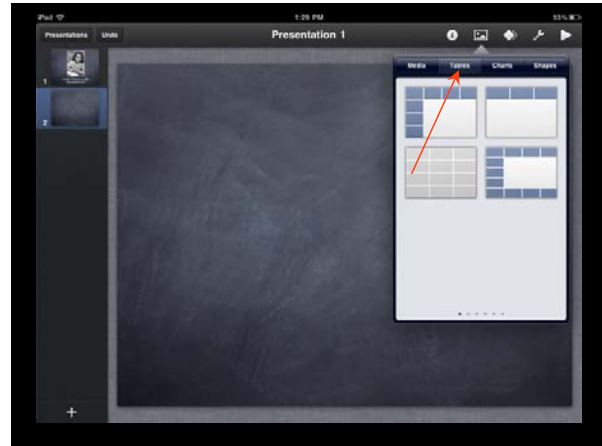

Click on this landscape icon will allow me to chose the next element

The first option is media

Next Tables

Charts

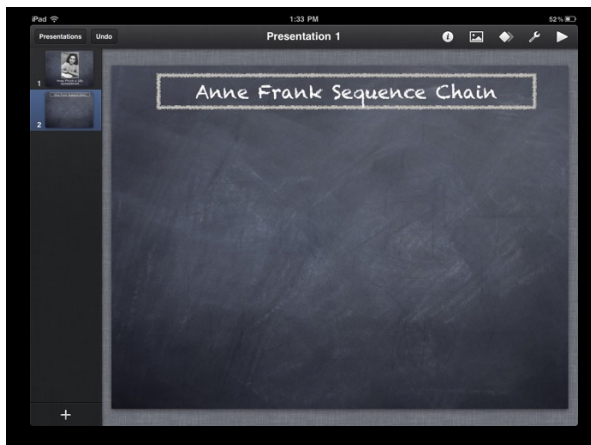

And shapes

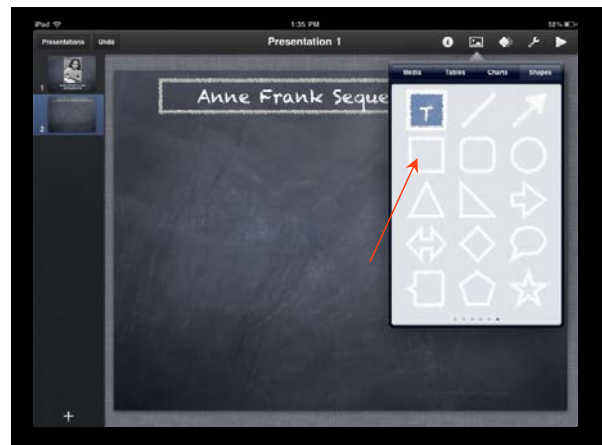

I am going to choose this text box

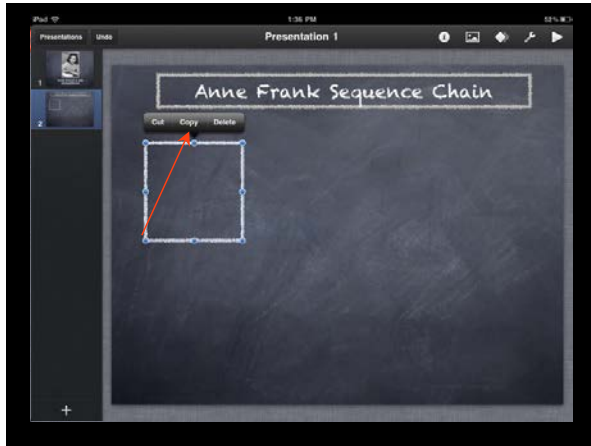

It looks like this on the page

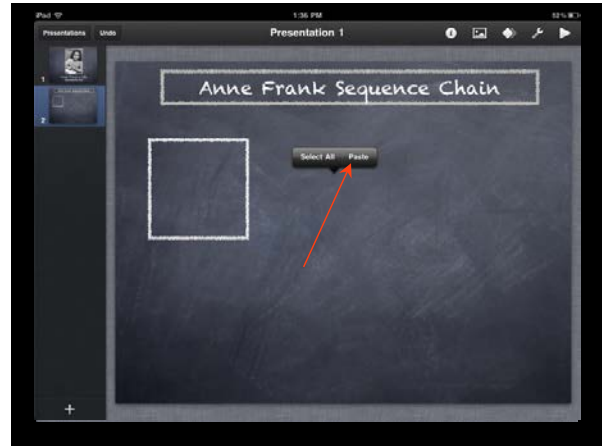

Resize the text box and move it to the top of the card

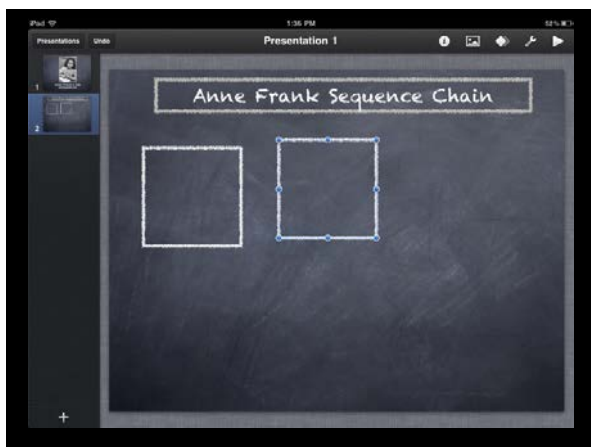

I am going to choose another of the same text box

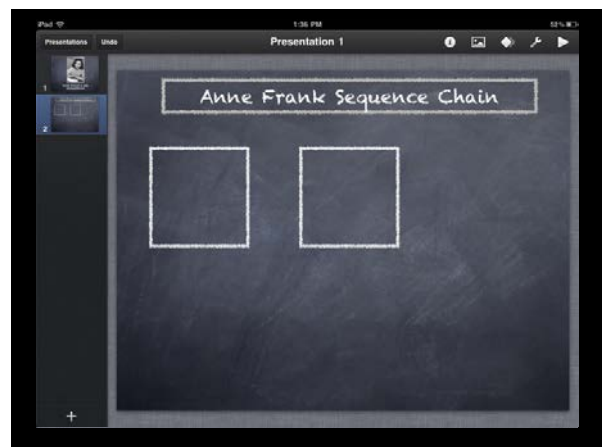

And then place it as a square in this position on the page. Tap on the square and copy it

The more a bit to the left and paste it in

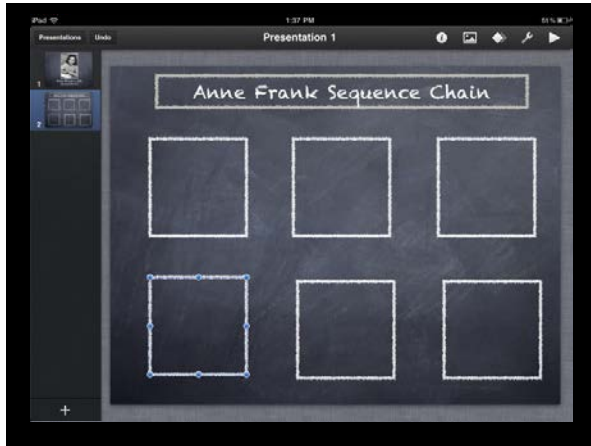

The card should look like this

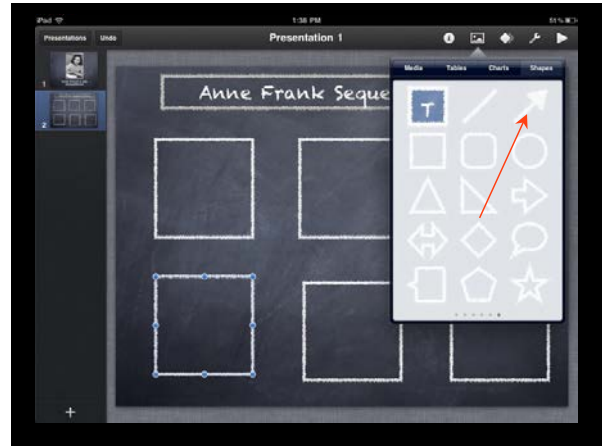

Move it around a bit so it is in line with the first text box

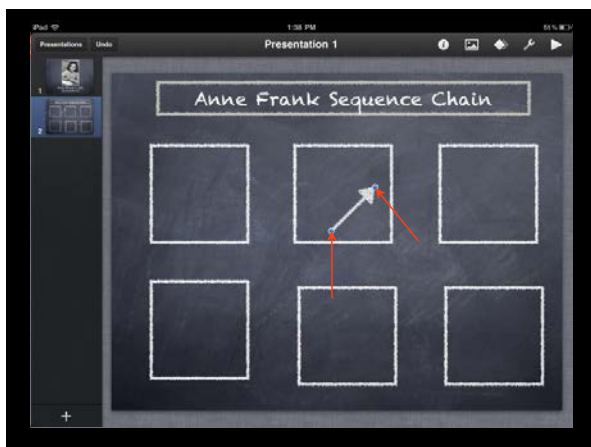

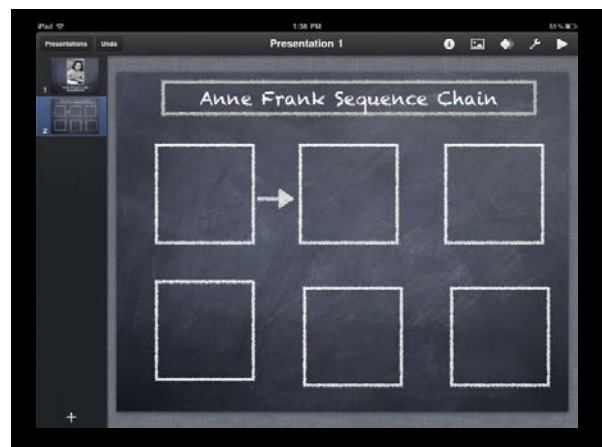

Repeat those step until you have six boxes

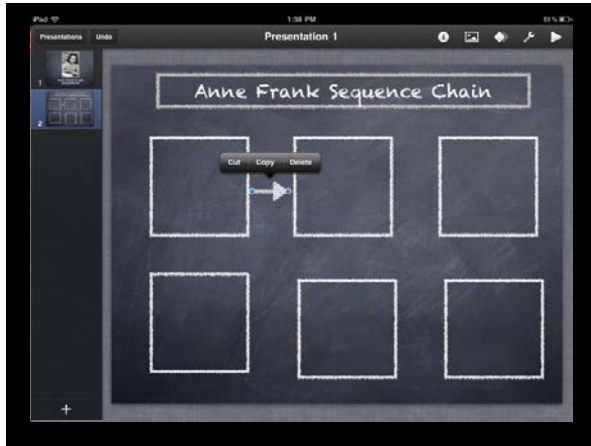

Next go back and choose an arrow under shapes

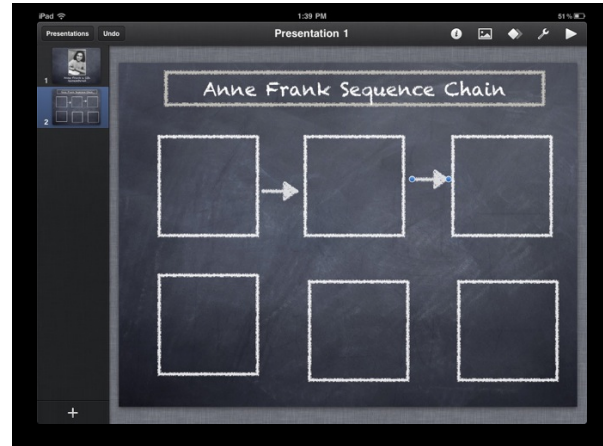

To move or rotate use the little blue dots

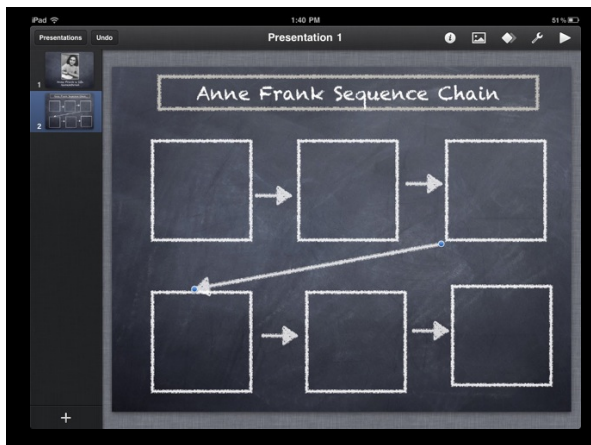

Position the arrow between the boxes

Hold your finger on the the arrow until you get the option to copy

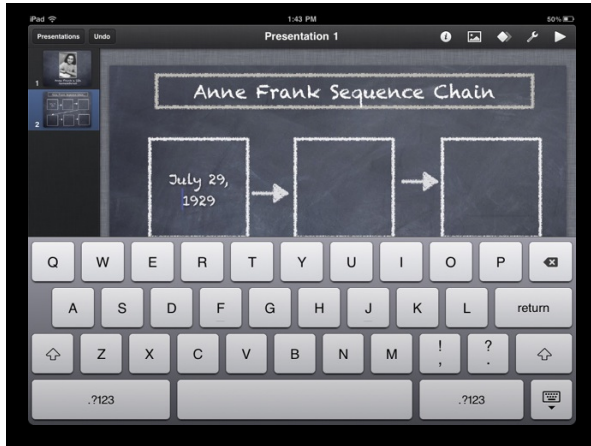

Paste the arrow after the next text box

Continue until you have and arrow between each box

To add text, double tap inside the text box and the keyboard will pop up

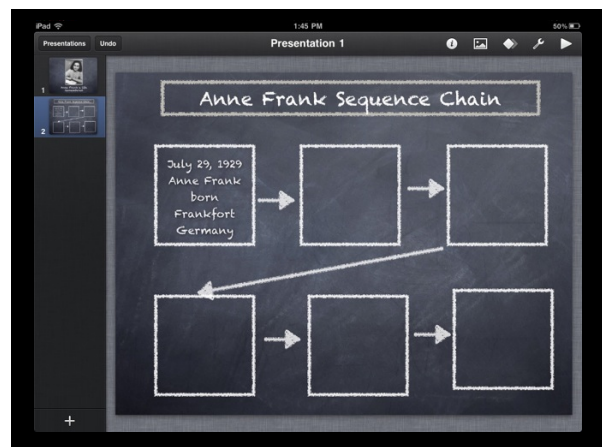

Type in your text

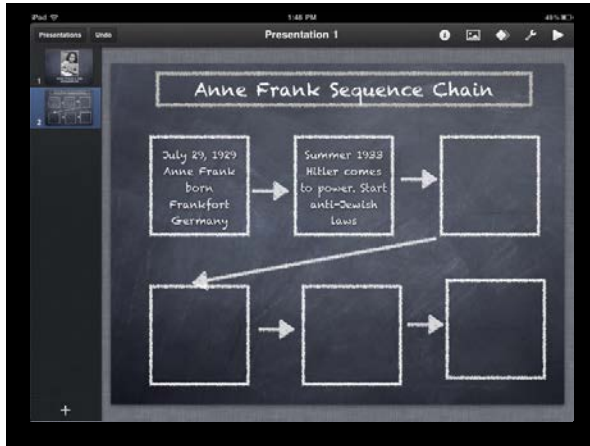

To adjust the text, click on the round circle at the top the has an i in it

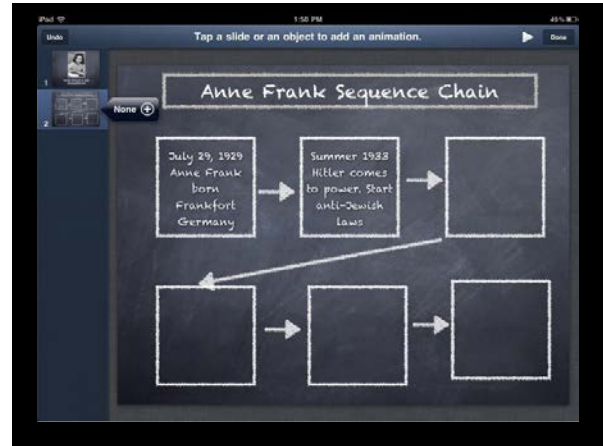

Pull down the menu and select text options

The card should look something like this

Repeat these step until you have filled in all the text boxes

Repeat these step until you have filled in all the text boxes
